

Name: _____

Coal Mining: Mining for Chocolate Chips

FOSSIL FUELS

Before Mining

cookie

habitat

In the square on the left, make a sketch of your cookie.

In the square on the right, draw what imaginary habitat is above ground on your cookie.

What type of ecosystem is it?

What plants and animals live there?

How do humans use this space?

After Mining

cookie

habitat

In the square on the left, make a sketch of your cookie after the mining.
In the square on the right, draw what this habitat looks like now.

How has it changed?

What lives there now?

What are some ways we can avoid situations like this in the future?
